

## Outdoor Movie Rider

### 1. Load In

- a) Our movie crew will arrive 2-3 hours immediately preceding the contracted start time (or dusk) of the outdoor movie and will call with an estimated arrival time while en-route to show.
- b) Show location must have an accessible same-level load in area or an elevator to transport equipment.
- c) A clean, dry, and level surface must be provided, no dirt/gravel or SAND, and must allow access to vehicles.
- d) A set-up crew of 2 people is required for approximately 15 minutes, about 1 hour before the show start time (not arrival time).
- e) 4 tie down locations (2 in front, 2 in rear of screen) must be provided, ie. trees, vehicles, fence, or tent stakes in ground.
- if vehicles are used, they must have a trailer hitch. We will provide stakes to tie down screen if necessary.

### 2. Set Up

- a) Show location must provide a **MINIMUM** of: six (6) separate 20 amp power circuits (110v) for the 40' screen, or four (4) for our 25' or 30' screens. **\*\* POWER MUST BE LOCATED WITHIN 50 FEET OF SCREEN LOCATION \*\***
- b) Show location must provide a minimum of thirty feet (30') ceiling clearance.
- c) Show location must provide a minimum set up area of 40' x 40' .
- d) Crew reserves the right to postpone or cancel any event in the event of rain or wind in excess of 10 -15 mph.
- e) Crew reserves the right to set up only once, outdoors or indoors once set up has begun.
- f) If show is canceled because of weather, an alternate back up Indoor Location is preferred. Or a 're-do' date for the performance can take place within one month of original performance date. If mutually agreed upon and available. (additional travel charges may apply)**
- g) If show is canceled on site, or after crew is en-route to show, payment in full is due to crew.**

### 3. Show Performance

- a) A completely dark viewing area is required to see the brightest video image. Please be able to turn off any surrounding lights.
- b) Movie must be provided on DVD only. **TWO** copies must be available for use (one master (licensed) & one back up).
- c) If a VHS tape is requested, a standard VHS player must be provided to crew prior to set up.
- d) Movie can begin approximately 30 minutes after dark, or when all necessary set-up and testing is completed.
- e) The video screen will show a combination of: any provided movies, music videos, cartoons, or ambient videos.
- f) Purchaser to provide bottled water & casual meal for crew prior to show performance.

### 4. Load Out

- a) Purchaser agrees to allow a minimum of one (1) hour tear-down (with a tear-down crew of 2 people) to load out immediately following completion of performance.
- b) Show location must have an accessible same-level load out area or an elevator to transport equipment.
- c) A clean, dry, and level surface must be provided with access to vehicles.

### 5. Acceptance

- a) I / we understand the terms and conditions set forth in this Movie Rider.
- b) Artist is not responsible for any liability due to, but not limited to, video content, live video content, or location of screen.
- c) Failure to comply with any or all of these conditions may result in the forfeiture of the Outdoor Movie as determined by onsite crew.
